Chromecast built-in

Wireless HD music in every room

Seamlessly stream your favorite music all over your home and to any Harman Kardon Omni+ wireless HD products. Listen to different music in any room of your home.

Play Spotify through your speakers, using the Spotify app as a remote

Stream your favorite songs and playlists wirelessly around your home with Spotify Connect, using the Spotify app as a remote.

Stream your favorite music from your phone to your speakers with Chromecast built-in

With Chromecast built-in, you can cast your favorite music, radio stations and podcasts from your mobile device to your speakers.

24bit/192kHz HD audio streaming with digital and analog connectivity

The Harman Kardon Omni Adapt+ supports 24bit/192kHz HD audio streaming. Enjoy a superior audio experience, with higher audio quality than from a CD.

Stream all your music over Bluetooth, Optical or 3.5mm input

Connect your TV, iPod, DVD or anything via Bluetooth, Optical, or 3.5mm input to your Omni Adapt+ and it will automatically stream your music to any other Harman Kardon Omni+ speakers in your home wirelessly.

Follow Me Audio with the one-touch Link button

Walk from one room to another and your favorite music will follow at the touch of a button. Simply press the Link button to start the music – no need to find your phone, just press the button.

Dual band WiFi connection and 802.11ac network support

Supports the latest 802.11ac wireless home networking technology and dual band (both 2.4GHz and 5GHz) Wi-Fi connection, resulting in a faster, robust and more stable wireless connection.

Simple setup and control with the free Harman Kardon Controller app

Easily set up your system and control it with the Harman Kardon Controller app. With additional support for WAC on Apple devices and a step by step in-app guide you can quickly start streaming your music.
